

# ERASMUS EDUCATION PROGRAMME

## BANYULS

August 22-September 2, 2011

# Evolution of the biosphere

## Origins of Life - Life in Space

### COORDINATORS

**M.-C. MAUREL**  
UPMC, Paris

**E. GALLORI**  
University of Florence

**R. SWARUP**  
University of Nottingham

**C. TORCHET**  
UPMC, Paris

**J. PERETÓ**  
University of Valencia

**D. VOLKMANN**  
Universität Bonn

### ORGANISATION

Lectures will be given by European specialists on the origins of life, space environment, the role of gravity in molecular, cellular, animal and plant behavior, and the use of molecular tools in space biology. Additionally there will be data analysis workshops, and students working in small multinational groups will present a project design.

*Registration by application to the coordinators*
