

## University of North Florida

### Tenure-Track Faculty Position in Physics with concentration in Astrophysics or Planetary Science.

The University of North Florida Physics Department is seeking candidates for a tenure-track assistant professor position to start in August 2014. The position is in the area of astrophysics or planetary science. A Ph.D. in physics with concentration in astrophysics or planetary science is required. Postdoctoral research experience and the ability to secure external funding are highly desirable. The successful candidate will be able to teach courses throughout the physics curriculum in addition to both a course in introductory astronomy and introductory earth science and the successful candidate will be able to conduct externally fundable research involving undergraduate physics majors. Start-up funds are available. Not including this position, the department's tenure-track faculty consists of one theoretical astrophysicist, four condensed matter experimentalists, and one condensed matter theorist. A letter of interest, CV, undergraduate and graduate transcripts, and statements of teaching philosophy (1-2 pages) and research interests with an itemized start-up budget (2-3 pages) (uploaded as OTHER DOC) must be submitted online at [www.unfjobs.org](http://www.unfjobs.org) (position # 315920). In addition to the online application and uploads, all official undergraduate & graduate transcripts and three letters of reference on departmental letterhead must be submitted to Dr. T. Pekarek (tpekarek@unf.edu), Department of Physics, Science and Engr. Bldg. 50, Room 2600, University of North Florida, 1 UNF Drive, Jacksonville, FL 32224.

Application review will begin on **January 20, 2014**. The search will continue until the position is filled. UNF is an EO/EA/AA Institution.
